6 O'clock Gin

Balance, poise and precision; three imperatives in the mind of engineer and inventor Edward Kain. With meticulous attention to detail he created mechanical works of art, documented in blueprints that are still treasured today. A blueprint for gin deserves the same balance, poise and precision, which Edward's great grandson, Michael, uses to make Six O'Clock Gin. Inspired by his forefather, Michael carefully selects and precisely balances Juniper with six other botanicals to chime together as sweetly as any timepiece. Orange Peel adds a citrus in delightful harmony with floral Elderflower. The result is a clean, smooth and richly flavoured gin.

Hendricks Gin

Flavourings consists of flowers, roots, fruits and seeds which complements the two main infusions of rose petal and cucumber. We infuse our gin with the remarkable Bulgarian Rosa Damascena and specially selected cucumbers from the finest producers.

Monkey 47 Gin

Botanically complex and combining a great story with great design work to create a formidable package, Monkey 47 is set to make its stake as King of Gins over the next few years. 47 ingredients have found their way into the Monkey 47 recipe. Including angelica root, acacia flowers, bramble leaves, lingon berries and spruce shoots all come from the Black Forest. They take juniper berries from the Mediterranean which are known to be more aromatic as they receive four to six weeks more sun than their Tuscan and German cousins.

Brokers Gin

A fine and tasty gin which has been lauded by critics, Broker's is made with herbs, spices and fruits imported from three continents and blended to be extra dry - yes, that's right people, this is Martini heaven... Very herbal, and almost medicinal but in a very good way. Hints of sticking plasters meld well with rosy red apples, tangy citrus and cardamom. Very inviting indeed...

Tanqueray Gin

Distilled four times for exceptional purity and smoothness, Tanqueray is one of the world's most prestigious gins; its recipe the perfect balance of juniper, coriander, liquorice and angelica.

Tanqueray Gin RANGPUR

Something different here from Tanqueray. This gin is flavoured with Rangpur limes, also known as a mandarin orange. These highly acidic fruits, actually orange in colour, impart a fresh, zesty zing to this refreshing gin. Roll on summer

William Chase Gin

Described as The Most Complicated Gin in the World, the elegant gin is the first, and only gin to be distilled from cider apples. Elegant, crisp with juniper and green fruits upfront, followed by warm spices and earthy undertones.

Fever Tree Tonics

By blending subtle botanical flavours with spring water and the highest quality quinine from the Fever-Tree, we have created a delicious, natural tonic with a uniquely clean and refreshing taste and aroma.

Perfectly balanced to enhance the flavour of the great gins and finest vodkas. Equally delicious as a soft drink.

No artificial sweeteners, flavourings or preservatives.
